

## Vintage Map Measure, German, Compass, Magnifier, Navigational Tool, Mid Century

### DESCRIPTION

Our Stock # 24856

This is a vintage 3-in-1 map measure. A West German, cast metal and glass navigational tool, dating to the mid 20th century, circa 1960.

- Charming pocket tool for the amateur navigator, with useful map aids
- Displays a desirable aged patina and in good order
- Crafted from white metal and glass, with a tactile feel in the hand
- Supplied with the original case and small instruction sheet
- Main dial presents an Inch to Mile and CM to Kilometre scale for measuring maps
- The needle turned by the small trundle wheel at the bottom of the tool
- Useful compass to the rear with Cardinal and Ordinal points in segments of 30 degrees
- Magnifying glass adds functionality for reading map detail

This is a fascinating vintage 3-in-1 map measure, with a charmingly tactile finish and useful for the pocket or car glove box. Delivered ready to assist or display.
