

Antique 3 Draw Telescope, English Brass, Leather, Newton & Co, Victorian, C.1870

DESCRIPTION

Our Stock # 24948

This is an antique 3 draw telescope. An English, brass and leather dressed refractor by Newton & Co, dating to the Victorian period, circa 1870.

Perfect for bird watching, landscape appreciation, wildlife, or maritime observation. Equally suitable for observing the night sky

- Pleasingly dressed example with fascinating markings
- Displays a desirable aged patina throughout
- Warm caramel hues to the lightly time-worn leather
- Polished brass presents bright golden tones
- Leather cups to each end protect the optics
- Draws smoothly from within the primary barrel
- Sliding sun shade encloses the generous 42mm objective (1.75")
- Rear eye-cup hosts a sliding dust shield
