

Antique 3 Draw Telescope, English Brass, Leather, Newton & Co, Victorian, C.1870

DESCRIPTION

Our Stock # 24948

This is an antique 3 draw telescope. An English, brass and leather dressed refractor by Newton & Co, dating to the Victorian period, circa 1870.

Perfect for bird watching, landscape appreciation, wildlife, or maritime observation. Equally suitable for observing the night sky

- <li class="p1">Pleasingly dressed example with fascinating markings
- <li class="p1">Displays a desirable aged patina throughout
- <li class="p1">Warm caramel hues to the lightly time-worn leather
- <li class="p1">Polished brass presents bright golden tones

- <li class="p1">Leather cups to each end protect the optics
- <li class="p1">Draws smoothly from within the primary barrel
- <li class="p1">Sliding sun shade encloses the generous 42mm objective (1.75")
- <li class="p1">Rear eye-cup hosts a sliding dust shield
