

Antique Travel Book, Baedeker's Northern Italy, Maps, Guide, Edwardian, C.1903

DESCRIPTION

Our Stock # 25282

This is an antique copy of Baedeker's Northern Italy, a bound and illustrated travel guide book, presented in its intact, original order with only light markings commensurate with age. A superb example of Baedeker's celebrated series, renowned for their scholarly precision, detailed cartography and timeless appeal.

- Original bound edition of Baedeker's Northern Italy, this example printed in 1903
- Comprising an impressive 563 pages of text and illustrated reference
- Compiled with 30 maps and 39 plans, beautifully detailed and historically valuable
- Retains its intact original order, with only gentle signs of age and handling
- A wonderful collector's item for enthusiasts of antique travel books and cartography
- Offers both historical insight into early 20th century Northern Italy and decorative appeal for a study or library

A fine example of an antique Baedeker travel guide, presenting rich cartographic detail, literary value and enduring collector's charm. Delivered ready to enjoy.
