

## Vintage Geisha Portrait, Japanese Textile Relief Costume Picture, Art Deco, 1940

### DESCRIPTION

Our Stock # 25775

This is a vintage Geisha portrait. A Japanese, padded textile relief costume study in silk cotton, dating to the Art Deco period, circa 1940. A fascinating and decorative study, rich in texture and cultural interest.

- Displays a desirable aged patina and in good order throughout
- Crafted as a Geisha costume study, using individual textile samples to create a relief image
- Traditional woodblock-inspired composition, redolent of Meiji period portraiture
- Figure's face and hands delicately hand painted, adding fine detail and expression
- Set upon a silk cotton ground with a wider silk cotton border
- Presented within an ebonised composite frame, behind clear protective glass
- Dressed to the rear with hanging wire for ease of wall display

A visually striking and tactile Japanese textile artwork, offering strong Art Deco appeal and ideal for adding cultural depth and colour to a refined interior.
