

Antique Set of Architectural Plans, French, Framed Lithographs, Art, Victorian

DESCRIPTION

Our Stock # 25830

This is an antique framed set of architectural plans. A French, lithograph display of drawings from *Constructions Modernes et Economiques*, dating to the late Victorian period, circa 1900.

- Fascinating architectural illustrations presented in a tasteful framed arrangement
- Displaying a desirable aged patina and in good order throughout
- Plans taken from the French title, released across multiple volumes in the late 19th century
- Presents great colour, industrial interest and a French architectural aesthetic
- Each of the four page excerpts sit within a tasteful card border
- Shows plans for a commercial property with floorplans, a front elevation, cross section and details
- Replete with gilt border embellishments upon a muted blue ground
- Dressed to the rear with mounting wire for ease of hanging

This is a delightful framed set of architectural plans. In period, architects used such plans for inspiration and the volumes from which they came are scarce and celebrated. A treat for Francophiles or architects alike, delivered ready to display.
