

Antique Italian Region Map, Framed Cartography, 18th Century, Emilia Romagna

DESCRIPTION

Our Stock # 25994

This is an antique Italian region map. A framed cartographic representation of the Adriatic coast and Eastern Emilia-Romagna in the 18th century, engraved by Giovanni Petroski.

- Fascinatingly time-worn before mounting, and with excellent cartographic detail
- Displays a desirable aged patina behind a later glazed frame
- Some aged repairs and hand used creasing enhances the antique feel
- Deep mahogany frame dressed to the rear with hanging wire for ease of mounting
- Compiled in the 18th century, likely provided within a large volume publication
- Shows many regional highlights, including towns, areas and visual topography

This is a generously proportioned and historically aged region map, with an abundance of charm and detail. Delivered ready to display.
