

Vintage Surveyors Level in Case, Scientific Instrument, John Davis and Son c1940

DESCRIPTION

Our Stock # 18.5691

This is a vintage surveyor's level in case, an English scientific instrument, an item of surveying equipment by renowned manufacturer John Davis & Son (Derby) Ltd and dating to circa 1940.

- A super instrument in good order
- Makes for a super desk ornament – the perfect gift for those of an engineering mind
- In the original mahogany fitted box, lock present, key absent
- Original maker's label to inside of lid
- Swivel dust cover to objective lens
- Spirit levels mounted to the top
- Quality brass and bronze mechanics
- Free standing or could be mounted to a tripod

A very nice example of a vintage theodolite.
