

Antique Ships Mooring Bitt, Maritime Bollard, English, Capstan, Georgian, C.1800

DESCRIPTION

Our Stock # 18.6037

This is an antique ship's mooring bitt or maritime bollard. An extremely heavy (170Kg / 375lb), English, cast iron ship's capstan dating to the late Georgian period, circa 1800.

- Stout bollards with 39cm (15.25 inches) mooring height
- Desirable, time served patina
- One side features a flared mooring arm for easier rope location
- Broad mounting plate with six bolt holes

A lovely antique ship's mooring bitt. Delivered polished and ready for duty.
