

Georgian Chest of Drawers

DESCRIPTION

Our Stock # LFA-1036 This is an 18th Century, mid-Georgian serpentine chest of drawers dating to c.1760. A fine example of its type, this magnificent chest is configured in a '2 over 3' formation of gently graduated drawers delicately strung with holly inlay and complete with original handles and inlaid 'diamond' shaped key escutcheons. Raised on bracket feet harmonised by a swagged apron, stop ended canted and inlaid corners flank the sinuous curves of the serpentine front. The mahogany finish displays a wonderful complimentary gamut of light and dark hues set off by elements of cross banding and inlay. Superb quality and a stunning piece presented in good antique condition. Solid joints and construction. Delivered waxed & polished ready for the home.
