

Victorian Silver Plated Candleabra

DESCRIPTION

Our Stock # LFA1057

This is an antique, silver plated candleabra dating to c.1880. The beautifully cast quatraform drips classically display vine foliage laden with grapes and mirror the heavy base and stem plinth. The central candle nozzle rises from the base on tapered column flanked by four lower nozzles robustly held at the end of swept arms in vine form modestly decorated with leaf nodes. Of stunning proportion and generous weight for added stability this piece has the original velvet base to protect the finest table from damage. A delightful centrepiece this candelabra brings a touch of elegance to any display.
