

Antique Telescope, 2 Draw, Terrestrial, Astronomical, English, Georgian, C.1760

DESCRIPTION

Our Stock # 18.6057

This is an antique telescope, a two draw refractor for terrestrial or astronomical use. An English telescope dating to the mid-Georgian period of the 18th century, circa 1760.

Perfect for bird watching, landscape appreciation, wildlife stalking, or maritime observation. Equally suitable for observing the night sky.

- Good optics presenting a clear, sharp performance
- Tapered fruitwood primary barrel in good order
- Two draw tubes in good order
- Draws with a smooth action and focuses easily
- 25mm (1") objective stopped down to 10mm (0.4")
- Bulbous eyecup with sliding dust cover

Supplied with a London Fine oak and brass 'Captain's Stand' for display. A historic, period piece as good to use today as it was two hundred and fifty years ago.
