

Large, Antique Telescope Tripod, English, Pine, Observatory, Rack, Circa 1900

**DESCRIPTION**

Our Stock # 18.5715

This is a large, antique telescope tripod. An English, pine observatory rack dating to the late 19th century, circa 1900.

- Original painted finish displays a desirably aged patina
- A rare, observatory telescope rack in large proportion
- Highly adjustable and collapsible for transportation
- Variable angle telescope platform, with a pair of rests suitable for an astronomical telescope
- Rests support a telescope with a maximum diameter of 12.5cm (5")
- Fine adjustment possible, threaded bar absent
- Pleasingly geometric tripod base
- Rear leg braced with a pair of screw-fastened stanchions
