

Antique Bearing, Graphite, English, Cast Iron, Ornament, Paperweight, Victorian

DESCRIPTION

Our Stock # 18.6183

This is an antique engine bearing with graphite finish. An English, cast iron and bronze desk ornament or paperweight, and dating to the Victorian period, circa 1900.

- In fine form and of high mechanical interest
- Displays a desirable aged patina
- Graphite finish with consistent colour throughout
- Bearing cap displays part number 2819
- Bronze bearing with numbered parts 63 and 64
- Bearing mount marked with 2815

This is a fascinating antique engine bearing and would make an interesting desk ornament or paperweight for those with an engineering mind. Delivered polished and ready for display.
