

Antique Pluviometer, English, Udometer, Ombrometer, Rain Recorder, Victorian

DESCRIPTION

Our Stock # 18.6556

This is an antique pluviometer. An English, copper udometer, ombrometer or rain recorder, dating to the early Victorian period, circa 1850.

- Fascinating Victorian measurement device
- Displays a desirable aged patina
- Copper shows beautifully weathered ageing
- Outer sleeve serves as a holder for the rain collector and funnel
- Inner measuring jug holds approximately 750mm
- Conical funnel with long, 25cm (9.75") spout

This antique pluviometer or rain recorder is a superb example of Victorian measuring equipment with appealing weathering. Delivered ready for the home.
