

Vintage Cell Counting Slide, German, Glass, Hemacytometer, Franke and Heidecke

DESCRIPTION

Our Stock # 18.6666

This is a vintage cell counting slide. A German, glass hemacytometer and carry case by Franke and Heidecke, dating to the early 20th century, circa 1930.

- A fascinating laboratory optical slide
- Displays a desirable aged patina
- Quality glass present in good order
- Presented in a sturdy carry case, dressed with small brass clasp
- Four counting chambers of the Thoma cell counting type
 - Bears the magnification mark of 0.100m and 1 over 400 qmm for use with microscopes
- Wonderful period logo for Franke and Heidecke of Braunschweig, Germany
- Lined in quality, vibrant purple velour

This is a finely crafted, vintage cell counting slide or hemacytometer by one of Germany's foremost optical manufacturers – also known for the Rollei line of cameras. Present in good order throughout, this scientific slide is delivered polished and ready for the home.
