

Vintage Rolling Rule, English, Brass, Scientific Instrument, Navigation, C.1950

DESCRIPTION

Our Stock # 18.6668

This is a vintage rolling rule. An English, brass scientific instrument to aid navigation, dating to the mid 20th century, circa 1950.

- Attractive period instrument
- Displays a desirable aged patina
-

Solid brass shows mellow golden hues

- Used to draw parallel lines on navigation charts
- Replete with the Ministry of Defence arrow mark and 160100 patent number
- Oak faced box shows fine grain interest

This is a charming vintage rolling rule, well suited to display in the study. Delivered polished and ready for the desktop.
