

Antique Set of Weights, French, Bronze, Scientific, Apothecary, Assay, C.1900

DESCRIPTION

Our Stock # 18.6608

This is an antique set of weights. A French, bronze scientific set of apothecary assay weights in dark French beech carry case, dating to the late 19th century, circa 1900.

- Charming set of weights ideal for a study desk
- Displaying a desirable aged patina
- Cast bronze weights show appealing weathering
- Dark French Beech caddy with fine grain interest
- Fifteen weights with chamfered handles
- Set comprises of a pleasingly heavy 5kg, a pair of 2kgs and smaller weights
- Near complete set, with a solitary absence of the second 2g weight
- Caddy dressed with brass corners and showing rich golden tones
- Lid retained by way of rotating clasps
- A pair of recessed handles with demi-lune pulls aid carriage
- Interior with baize lined recesses for each individual balance weight
