

Vintage Folk Art Birdhouse, American, Scratch Built, Midwestern, Garden, 1960

DESCRIPTION

Our Stock # 18.6742

This is a vintage folk art birdhouse. An American, scratch built pine twin bird house with a distinctly midwestern folksy taste, dating to the mid 20th century, circa 1960.

- A little birdhouse for your soul
- Displays a desirable aged patina
- Hand-painted pine in bright colours
- Scratch built appeal with naive detail
- Influence of Haight-Ashbury's charming San Francisco chic
- Small bird hole to front above a recreation of a front porch
- Second hole to the side within a door frame
- Apex roof with ridged tiles adds further visual appeal

This is a fantastic vintage folk art birdhouse, with lots of midwestern American charm. Delivered polished and ready for the garden.
