

Antique Technical Drawing Set, Architect, Cartographer, Instruments, ANCSL, 1920

DESCRIPTION

Our Stock # 18.6796

This is an antique technical drawing set. An English, architect's or cartographer's instrument case by the Army & Navy Co-Operative Society, dating to the early 20th century, circa 1920.

- Comprehensive two-tier instrument set
- Displays a desirable aged patina
- Steel case shows pleasing weathering
- Attractive brass and ivory tools rest within a blue velvet lining
- Set comprises 23 pieces, including two compass and eight rules
- The long rulers situated neatly within the lower tray
- One ruling pen marked 'Army & Navy C.S.L.'

This is a fascinating antique technical drawing set, ideal for the architect or cartographer's desk as a display piece or for their original use. Delivered polished and ready to use or show.
