

Vintage Balance, English, Mahogany, Scientific Scales, Stanton Instruments, 1960

DESCRIPTION

Our Stock # 18.7162

This is a vintage analytical balance. An English, mahogany cased set of scientific scales by Stanton Instruments of London, dating to the mid 20th century, circa 1960.

- Beguiling vintage scientific instrument - the model Inst 30/B
- Displaying a desirable aged patina - in wonderful display order
- Stout, quality mahogany case offers rich caramel hues
 - Clear, bright glass with viewing windows to each side - great views of the mechanisms
- Pair of sliding doors, the front operating upon sash weights
- Two supplementary side doors with small brass pulls
- Rotary controller to the upper right - power supply absent
- Bright alloy scales suspended from a dashing brass bracket
- Balance mechanism exudes precision and offers copious fascination
- The bracket features the maker's mark for 'Stanton, London'
- Engraved with the serial number 4843
