

Edwardian Revolving Drum Bookcase, c.1910

DESCRIPTION

Our Stock # LFA-1340 This is an antique, Edwardian, revolving drum bookcase dating to c.1910. This bookcase works well as a side table and is beautifully made in mahogany with an aged patina. The top is inset with a triple tooled leather skiver with central motif, the finish showing blushes of its original rouge tones. Carrying the top, a vase, ring turned column is supported upon four swept legs featuring fluted accents that terminate in brass hairy paw feet riding upon brass castors beneath. A great little table with solid joints and construction, delivered waxed, polished and ready for the home.
