

Antique Prestwich Fluid Gauge, English, Aeronautical, Scientific Instrument

DESCRIPTION

Our Stock # 18.7043

This is an antique Prestwich Fluid Gauge. An English, cased aeronautical scientific instrument for display, dating to the early 20th century, circa 1920.

- Early 20th century fluid measuring device presented within a carry case
- Displays a desirable aged patina - untested, in good display condition
- Black enamel finish to base with natural silver tones to the verniers and adjustable riser
- Glass gauge with remnants of used fluid, distinctively washed in bright red
- Maker's mark to front upon a brass plaque reads 'The Prestwich Fluid Gauge'
- John A. Prestwich & Co of Tottenham, London was a supplier of gauges to manufacturers

This is a fascinating antique Prestwich Fluid Gauge, ideally suited for ornamental display for those of a scientific interest. Delivered polished and ready to showcase.
