

Large Antique Library Telescope, English, Starboy, Astronomical, Broadhurst & Co

DESCRIPTION

Our Stock # 18.7864

This is an antique library telescope. An English, brass 'Starboy' astronomical mounted refractor by Broadhurst, Clarkson & Co, dating to the early 20th century, circa 1920. Perfect for bird watching, landscape appreciation, wildlife stalking, or maritime observation. Equally suitable for observing the night sky.

- Displays consistent colour throughout and a desirable aged patina
- Original primary barrel in good order with a few light indentations under close inspection
- Striking brass brightwork presented in eye-catching, original order
- By the renowned Broadhurst, Clarkson and Co. of London
- Single draw tube extends smoothly, focused by knurled wheel moving an internal rack and pinion
- Maker's mark to the angle viewer; Broadhurst, Clarkson and Co. 63 Farringdon Road London
- Supplied with a parallel viewing tube and fascinating ephemera in the form of hand-written usage notes
- Attaches to the cast iron tripod with two brass turn screws and rotates through 90 degrees fore and aft
