

Antique Rolling Parallel Rule, English, Brass, Scientific Instrument, Edwardian

DESCRIPTION

Our Stock # 18.8166

This is an antique rolling parallel rule. An English, brass scientific instrument to aid navigation, dating to the Edwardian period, circa 1910.

- Attractive period instrument within quality case
- Displays a desirable aged patina throughout
- Solid brass shows bright golden hues and tonality
- Used in period to draw parallel lines upon navigation charts
- Smooth action to rollers, with bi-directional movement
- Presented within a mahogany case, showing fine grain interest

This is an appealing antique rolling parallel rule, well suited to display in the study or upon a desk. Delivered polished and ready to enjoy.
