

Large Antique Ship's Wheel, American, Cast Iron, Beech, Nautical, Victorian

DESCRIPTION

Our Stock # 18.8194

This is a large antique ship's wheel. An American, cast iron and beech nautical helm, dating to the mid Victorian period, circa 1860.

- Fascinating wheel from the time of the American Civil War period
- Displays a desirable aged patina and in very good order
 - Cast iron rim presented with a bright cream hue, surrounding contrasted black spokes
- Six attractive turned beech handles show fine grain interest
- Gilt finished centre boss sits ahead of a hardwood boss with natural finish
- Replete with a generously sized yoke arm for the larger wheelhouse
- Maker's mark to face for H.N. Stone of Boston, Massachusetts

This is a striking antique ship's wheel, cast during a historical time period for the United States of America. Presented beautifully with minimal weathering, and sure to hang wonderfully in any setting. Delivered waxed, polished and ready to showcase.
