

Antique Pocket Field Microscope, English, Brass, Instrument, Edwardian, C.1910

DESCRIPTION

Our Stock # 18.7934

This is an antique scientist's field microscope. An English, brass, pocket instrument, dating to the Edwardian period, circa 1910.

- Appealing brass instrument with fine colour, ideal for the desktop
- Displays a desirable aged patina and in good order
- Polished brass beams with deep golden hues
- Presented within a quality carry case
- Eye-piece extends for focusing
- Slide viewing platform set within recess
- Rotating mirror to adjust available light projection

This is a charming, portable antique scientist's field microscope. Set to appeal to those of a scientific mind and ideal as a desk ornament. Delivered polished and ready for the home.
