

Antique Ship's Bulkhead Barometer, English Brass, Maritime Instrument, Victorian

DESCRIPTION

Our Stock # 18.8269

This is an antique ship's bulkhead barometer. An English, silvered brass and oak maritime weather instrument, dating to the late Victorian period, circa 1900.

- Distinguished maritime instrument, with fine presentation
- Displays a desirable aged patina and in good order
- Silvered brass bulkhead case shows clear, bright tones
- Dial set behind a quality, thick glass plate with light blue tint
- Usefully sized for ease of reading at a glance, with a diameter of 14cm (5.5")
 - Elegant annotations show the current weather condition, mirrored nicely upon the inner bezel
- Diamond turned secondary hand can be set to show the change since the previous day
- Mounted upon a quality oak back plate with fine grain interest
- The plate presents dark caramel hues beneath the wax polish finish
- Dressed with a pair of mounting loops for ease of hanging
