

Antique Compound Microscope, English, Instrument, Negretti & Zambra, Victorian

DESCRIPTION

Our Stock # 18.8458

This is an antique compound microscope. An English, brass instrument within a mahogany case by Negretti & Zambra, dating to the Victorian period, circa 1870.

- Delightful portable microscope with a quality case and modular build
- Displays a desirable aged patina and in good order
- Polished brass microscope and accessories present polished golden tones
- Contained within a fitted case, showing mellow caramel hues and fine grain interest
- Main body articulates upon a single column with a screw-in viewing tube
- Focusing achieved with a rack and vernier adjustment
- Slide stage dressed with a pair of clips and rotating wheel offering three stops
- Single-sided convex mirror slots into the lower tube
- Stands upon a dashing 'y' shaped stand with chased finish
- Engraved with the maker's mark 'Negretti & Zambra, London'
- Sliding clasps hold the instrument securely to its plinth for storage within the case
