

Antique 3 Draw Telescope, English Terrestrial, Leather Case, JP Cutts, Victorian

DESCRIPTION

Our Stock # 18.8900

This is an antique 3-draw telescope. An English, terrestrial and astronomical refractor in leather case by JP Cutts, Sutton & Son, dating to the Victorian period, circa 1870.

Perfect for bird watching, landscape appreciation, wildlife, or maritime observation. Equally suitable for observing the night sky.

- An attractive telescope with quality leather protective case
- Displays a desirable aged patina and in good order
- Presents bright russet hues to the primary barrel
- Of 3 draw type, each operating with smooth action
- Clear, bright objective lens with a diameter of 40mm (1.5")
- Quality brass dust cap present for the objective
- Flared eyepiece to the rear with sliding dust cap and removable cartridge lens
- Engraved 'JP Cutts, Sutton & Son, Sheffield and London

This is a fine antique telescope, dressed within a superb leather case and graced with beautifully polished brightwork. As good to use today as it was 200 years ago. Delivered polished and ready for use or display and supplied with a London Fine oak and brass 'Captains Stand'
