

Antique Fireside Store, English, Brass, Coal Bucket, Fire, Logs, Regency, C.1820

DESCRIPTION

Our Stock # 18.8880

This is an antique fireside store. An English, brass coal bucket with cover, dating to the Regency period, circa 1820.

- Pleasingly polished fireside keep from the Regency period
- Displays a desirable aged patina with signs of gentle tarnishing
- Highly polished brass radiates striking golden tones throughout
- Of tapering form, with distinctive inset copper detail to lid
- Folding rolled carry handle for ease of movement
- Raised upon a canted trio of squat bun feet

This is a highly distinctive antique fireside store, graced with wonderful colour and period craftsmanship. Delivered polished and ready to accentuate the fireplace.
