

Vintage Laboratory Microscope, German, Scientific Instrument, Carl Zeiss Jena

DESCRIPTION

Our Stock # 18.8955

This is a vintage laboratory microscope. A German, enamelled metal scientific instrument by Carl Zeiss Jena, dating to the late 20th century, circa 1970.

- Delightfully presented within a robust case with numerous accessories
- Displays a desirable aged patina and in good order — function untested
- Tactile to hold, the deep black enamelled body has a striking form
- Quality brass and nickel fittings present golden and silvered tones
- Rotating dual eye cups set upon a height adjustable riser
- Offering a rotary lens platform for four objective lenses
- Generously sized slide platform with comprehensive adjustment and clasps
- Original mirror in very good condition, free of marks
- Presented within a quality oak case, with bright caramel hues and fine grain interest
- Dressed with an inset working lock, the Carl Zeiss Jena branded key present
- Holders with multiple extra lenses and other accessories slide securely into the case
