

## Antique Magnifying Glass, English, Brass, Optical Reading Aid, Edwardian, C.1910

### DESCRIPTION

Our Stock # 18.9178

This is an antique magnifying glass. An English, brass optical reading aid, dating to the Edwardian period, circa 1910.

- Perfect for the study or nook, with useful magnification of smaller print
- Displaying a desirable aged patina and in good order
- Lightly polished brass form presents bright golden tones
- Superb optical glass, with captivating blue depths
- Achieves focus at an approximate distance of 22cm (8.75")

This is a delightful antique magnifying glass, with a quality glass element and set within a tactile brass frame. A treat for the avid reader. Delivered polished and ready to use.
