

Antique Monocular Microscope, English Brass, Scientific Instrument, Victorian

DESCRIPTION

Our Stock # 18.9085

This is an antique cased monocular microscope. An English, brass scientific instrument, dating to the late Victorian period, circa 1900.

- Neatly presented and stored microscope, ideal for display
- Displaying a desirable aged patina and in good order
- Polished brass frame presents bright golden tones and minimal tarnish
- Original glass mirror shows some minor signs of age, but not loss
- Articulating upon an axis, the scope can be tilted fore and aft
- Monocular scope with single viewing objective beneath the slide stage
- Small case of four additional lenses supplied and a spare mirror
- Quality mahogany case dressed with an inset, working lock – key present

This is a charming antique cased microscope, with bright golden colour and scientific collector appeal. Delivered polished and ready to enjoy.
