

Antique Cased Scholar's Microscope, English, Brass Scientific Instrument, C.1920

DESCRIPTION

Our Stock # 18.9446

This is an antique cased scholar's microscope. An English, brass scientific instrument, dating to the early 20th century, circa 1920.

- Fascinating cased microscope with distinctive articulated function
- Displays a desirable aged patina and in good order
- Polished brass frame presents bright golden tones and minimal tarnish
- Original glass mirror shows in very good condition
- Articulating upon a central axis, the scope can be tilted fore and aft and side-to-side
- Monocular scope with single viewing objective beneath the slide stage
- Focal adjustment achieved by a pair of vernier dials
- Quality walnut case dressed with an inset, working lock – key present

This is a delightful antique cased scholar's microscope, with a bright golden finish and of scientific collector appeal. Delivered ready to enjoy.
