

Antique Cased Microscope, English, Scientific Instrument, J Swift, Victorian

DESCRIPTION

Our Stock # 18.9084

This is an antique cased microscope. An English, enamelled metal and brass scientific instrument by J. Swift & Son of London, dating to the late Victorian period, circa 1900.

- Presented in a quality case, the microscope of appealing Victorian craftsmanship
- Displays a desirable aged patina and in good original order throughout
- Black enamelled stand contrasting with the bright polished brass instrument
- Quality carry box shows rich caramel hues with inset lock — key absent
- Extending eyepiece tube over a rack and pinion main focus rail
- Three slot nosepiece resides above a square stage with rotary slide holders
- Stage engraved with a fine measuring grid
- Trio of accessory objective lenses resting within the case
- Bright, good quality rotating mirror beneath the slide holder
- Engraved to the rear with J. Swift & Son London maker's mark
- Dealer plaque to case for A. Franks of Deansgate, Manchester
