

Large Set of 8 Vintage Lab Sieves, English, Brass, Stacking, Scientific, C.1965

DESCRIPTION

Our Stock # 18.9946

This is a large set of 8 vintage laboratory sieves. An English, brass stacking scientific apparatus, dating to the mid 20th century, circa 1965.

- Fascinating set with superb period and display appeal
- Each displaying a desirable aged patina and in original order
- Quality brass, lightly weathered with rich golden tones
- Graduated depths and sieve grids, from a fine filter to a broad diagonal mesh
- Usefully stacking in nature, the top sieve with inset handle
- Finished with a concentric scale displaying microns and inches
- Brass plaques to the front displaying the grade of each sieve
- Further marked with N Greening maker's mark and British Standard number

This is a superb set of 8 vintage laboratory sieves, with a wonderful period appearance and sure to be a distinctive display piece. Delivered ready to enjoy.
