

Vintage Fuller's Calculator, English, Bakelite, Brass, Mathematical Instrument

DESCRIPTION

Our Stock # 24226

This is a vintage Fuller's Calculator. An English, Bakelite and brass cased mathematical instrument by Stanley of London, dating to the mid 20th century, circa 1950.

- Beautifully presented example of the cylindrical calculator
- Displays a desirable aged patina and in very good, original order
- Lightly patinated brass over pleasingly clean and intact paper cylinders
- Presented within a quality mahogany box, showing fine grain interest
- Angled brass mount attaches to the case to elevate the calculator
- Rotating the cylinders provides mathematical equations of reassuring reliability
- Engraved pointer with number scale for ease of reading the paper scales
- Stanley maker's mark appears upon the paper scale and handle mount

This is a wonderful example of a vintage Fuller's Calculator, providing complex, yet reliable mathematical answers. As good today as it was 70 years ago, or gracing a desktop. Delivered ready to fascinate.
