

Large Antique Log Basket, English Brass, Decorative Fireside Coal Store, Regency

**DESCRIPTION**

Our Stock # 18.9873

This is a large antique log basket. An English, brass decorative fireside store with Continental taste, dating to the Regency period, circa 1820.

- Superb country house proportion with a wonderful decorative nature
- Displays a desirable aged patina, in good original order throughout
- Substantial brass form presents appealing golden hues
- Suitable for all fuel types, from logs to coal, with a pleasingly clean interior
- Continental taste to the decorative relief adorning the front and rear
- Figural scene to the fore, whilst the rear is accentuated with a bountiful fruit basket
- Striking Green man masks with loop handles to each side
- Standing upon a trio of paw feet with detail to knees

This is a fascinating antique log basket, with generous proportion and fine decorative appeal. Delivered ready for the fireside.
